Resolution No. 05-22-02

RESOLUTION ACCEPTING THE DETERMINATION BY THE TOWN OF PERU PLANNING BOARD TO ACT AS LEAD AGENCY FOR THE ENVIRONMENTAL REVIEW OF THE NORTHWAY SOLAR, LLC PROJECT AND ACKNOWLEDGING RECEIPT OF THE NEGATIVE DECLARATION ISSUED WITH RESPECT THERETO.

WHEREAS, County of Clinton Industrial Development Agency (the "Agency") is authorized and empowered by the provisions of Chapter 1030 of the 1969 Laws of New York, constituting Title 1 of Article 18-A of the General Municipal Law, Chapter 24 of the Consolidated Laws of New York, as amended (the "Enabling Act") and Chapter 225 of the 1971 Laws of New York, as amended, constituting Section 895-f of said General Municipal Law (said Chapter and the Enabling Act being hereinafter collectively referred to as the "Act") to promote, develop, encourage and assist in the acquiring, constructing, reconstructing, improving, maintaining, equipping and furnishing of commercial facilities, among others, for the purpose of promoting, attracting and developing economically sound commerce and industry to advance the job

opportunities, health, general prosperity and economic welfare of the people of the State of New York, to improve their prosperity and standard of living, and to prevent unemployment and economic deterioration; and

WHEREAS, to accomplish its stated purposes, the Agency is authorized and empowered under the Act to acquire, construct and install one or more “ projects” (as defined in the Act) or to cause said projects to be acquired, constructed and installed, and to convey said projects or to lease said projects with the obligation to purchase; and

WHEREAS, Northway Solar, LLC, a State of Delaware limited liability company (the “Company”), has submitted an application (the “Application”) to the Agency, a copy of which Application is on file at the office of the Agency, requesting that the Agency consider undertaking a project (the “Project”) for the benefit of the Company, said Project consisting of the following: (A) (1) the acquisition of a leasehold interest in an approximately 32 acre portion of an approximately 73.3 acre parcel of land located at 3832 County Route 22 (being a portion of Tax Map No. 257-.2-1.33) in the Town of Peru, Clinton County, New York (such portion being hereinafter referred to as the “Land”), (2) the construction on the Land of a 5MW AC solar photovoltaic electricity generating facility (the “Facility”) and (3) the acquisition and installation therein and thereon of related fixtures, machinery and equipment and other tangible personal property (collectively, the “Equipment”) all of the foregoing to constitute a solar energy generating facility to be owned and operated by the Company (the Land, the Facility and the Equipment hereinafter collectively referred to as the “Project Facility”); (B) the granting of certain “financial assistance” (within the meaning of Section 854(14) of the Act) with respect to the foregoing, including potential exemptions from certain sales and use taxes, real property taxes, real estate transfer taxes and mortgage recording taxes (collectively, the “Financial Assistance”); and (C) the lease (with an obligation to purchase) or sale of the Project Facility to the Company or such other person as may be designated by the Company and agreed upon by the Agency; and

WHEREAS, by resolution adopted by the members of the Agency on May 9, 2022 (the “Public Hearing Resolution”), the Agency authorized a public hearing to be held pursuant to Section 859-a of the Act with respect to the Project; and

WHEREAS, pursuant to Article 8 of the Environmental Conservation Law, Chapter 43-B of the Consolidated Laws of New York, as amended (the “SEQR Act”) and the regulations (the “Regulations”) adopted pursuant thereto by the Department of Environmental Conservation of the State of New York (collectively with the SEQR Act, “SEQRA”), the Agency has been informed that (A) the Town of Peru Planning Board (the “Planning Board”) was designated to act as the “lead agency” with respect to the Project and (B) on December 8, 2021 the Planning Board determined that that the Project will not have a “significant effect on the environment” and, therefore, that an “environmental impact statement” is not required to be prepared with respect to the Project and issued a negative declaration on December 8, 2021 with respect thereto (the “Negative Declaration”), which Negative Declaration is attached hereto as Exhibit A; and

WHEREAS, at the time that the Planning Board determined itself to be the “lead agency” with respect to the Project, it was not known that the Agency was an “involved agency” with respect to the Project, and, now that the Agency has become an “involved agency” with respect to the Project, the Agency desires to concur in the designation of the Planning Board as “lead agency” with respect to the Project, to acknowledge receipt of a copy of the Negative Declaration and to indicate that the Agency has no information to suggest that the Planning Board was incorrect in determining that the Project will not have a “significant effect on the environment” pursuant to SEQRA;

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF COUNTY OF CLINTON INDUSTRIAL DEVELOPMENT AGENCY, AS FOLLOWS:

Section 1. (A) The Agency has received copies of, and has reviewed, the Application, an environmental assessment form prepared by the Company and the Negative Declaration (collectively, the "Reviewed Documents") and, based upon said Reviewed Documents and the representations made by the Company to the Agency at this meeting, the Agency hereby ratifies and concurs in the designation of the Planning Board as "lead agency" with respect to the Project (as such quoted term is defined in SEQRA).

(B) The Agency hereby determines that the Agency has no information to suggest that the Planning Board was incorrect in determining that the Project will not have a "significant effect on the environment" pursuant to SEQRA (as such quoted phrase is used in SEQRA).

Section 2. This resolution shall take effect immediately.

The question of the adoption of the foregoing resolution was duly put to a vote on roll call, which resulted as follows:

| | | |
|------------------|--------|---------|
| Trent Trahan | VOTING | YES |
| David Hoover | VOTING | EXCUSED |
| Michael E. Zurlo | VOTING | YES |
| Keith Defayette | VOTING | YES |
| Mark Leta | VOTING | YES |
| John VanNatten | VOTING | YES |
| Joey Trombley | VOTING | YES |

The foregoing resolution was thereupon declared duly adopted.

Full Environmental Assessment Form
Part 3 - Evaluation of the Magnitude and Importance of Project Impacts
and
Determination of Significance

Part 3 provides the reasons in support of the determination of significance. The lead agency must complete Part 3 for every question in Part 2 where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.

Based on the analysis in Part 3, the lead agency must decide whether to require an environmental impact statement to further assess the proposed action or whether available information is sufficient for the lead agency to conclude that the proposed action will not have a significant adverse environmental impact. By completing the certification on the next page, the lead agency can complete its determination of significance.

Reasons Supporting This Determination:

To complete this section:

- Identify the impact based on the Part 2 responses and describe its magnitude. Magnitude considers factors such as severity, size or extent of an impact.
- Assess the importance of the impact. Importance relates to the geographic scope, duration, probability of the impact occurring, number of people affected by the impact and any additional environmental consequences if the impact were to occur.
- The assessment should take into consideration any design element or project changes.
- Repeat this process for each Part 2 question where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.
- Provide the reason(s) why the impact may, or will not, result in a significant adverse environmental impact
- For Conditional Negative Declarations identify the specific condition(s) imposed that will modify the proposed action so that no significant adverse environmental impacts will result.
- Attach additional sheets, as needed.

There were no items identified in Part 2 that were moderate or large impact.

Determination of Significance - Type 1 and Unlisted Actions

SEQR Status: Type 1 Unlisted

Identify portions of EAF completed for this Project: Part 1 Part 2 Part 3

Upon review of the information recorded on this EAF, as noted, plus this additional support information

and considering both the magnitude and importance of each identified potential impact, it is the conclusion of the
Town of Peru as lead agency that:

- A. This project will result in no significant adverse impacts on the environment, and, therefore, an environmental impact statement need not be prepared. Accordingly, this negative declaration is issued.
- B. Although this project could have a significant adverse impact on the environment, that impact will be avoided or substantially mitigated because of the following conditions which will be required by the lead agency:

There will, therefore, be no significant adverse impacts from the project as conditioned, and, therefore, this conditioned negative declaration is issued. A conditioned negative declaration may be used only for UNLISTED actions (see 6 NYCRR 617.7(d)).

- C. This Project may result in one or more significant adverse impacts on the environment, and an environmental impact statement must be prepared to further assess the impact(s) and possible mitigation and to explore alternatives to avoid or reduce those impacts. Accordingly, this positive declaration is issued.
