RE: Proposed Deviation from Uniform Tax Exemption Policy by
 County of Clinton Industrial Development Agency
 in connection with its Proposed NY Plattsburgh I, LLC Project

Dear Ladies and Gentlemen:

This letter is delivered to you pursuant to Section 874(4)(c) of the General Municipal Law.

In August, 2019, County of Clinton Industrial Development Agency (the "Agency") received an application (the "Application") from NY Plattsburgh I, LLC (the "Company"), which Application requested that the Agency consider undertaking a project (the "Project") for the benefit of the Company, said Project to consist of the following: (A) (1) the acquisition of an interest in an approximately 24 acre portion of an approximately 182 acre parcel of land located on 6106 Route 22 (currently being a portion of tax map no. 193.-2-6) and 6195 Route 22 (currently being a portion of tax map no. 193.-1-14.1) in the Town of Plattsburgh, Clinton County, New York (collectively, the "Land"), (2) the construction on the Land of an up to 5 MWAC solar photovoltaic facility to include an interconnection line (collectively, the "Facility") and (3) the acquisition and installation therein and thereon of related fixtures, machinery, equipment and other tangible personal property (collectively, the "Equipment") (the Land, the Facility, and the Equipment hereinafter collectively referred to as the "Project Facility"), all of the foregoing to constitute a solar farm to

be owned and operated by the Company and other directly and indirectly related activities; (B) the granting of certain "financial assistance" (within the meaning of Section 854(14) of the Act) with respect to the foregoing, including potential exemptions from certain sales and use taxes, real property taxes, real estate transfer taxes and mortgage recording taxes (collectively, the "Financial Assistance"); and (C) the lease (with an obligation to purchase) or sale of the Project Facility to the Company or such other person as may be designated by the Company and agreed upon by the Agency.

In connection with the Application, the Company has made a request to the Agency to enter into a payment in lieu of tax agreement (the "Proposed Pilot Agreement") which terms would deviate from the Agency's Uniform Tax Exemption Policy (the "Policy"). Capitalized terms not otherwise defined herein are defined in the Policy.

The Proposed Pilot Agreement would not provide any abatements for any special assessments levied on the Project Facility. The Proposed Pilot Agreement would provide that the Company will pay to the Affected Tax Jurisdictions any portion of the \$5,000/MW annual payment not paid by the Company pursuant to a host community agreement.

The Policy provides that, for a facility similar to the Project Facility, payments in lieu of taxes will normally be determined as follows: the Company would have the benefit of a 50% abatement in real property taxes on the Facility and any portion of the Equipment assessable as real property pursuant to the New York Real Property Tax Law (collectively with the Facility, the "Improvements") in year one of the payment in lieu of tax agreement with a five percent per year increase over the term of the ten year payment in lieu of tax agreement.

The purpose of this letter is to inform you of such Pilot Request and that the Agency is considering whether to grant the Pilot Request and to approve a Proposed Pilot Agreement conforming to the terms of the Pilot Request. The Agency expects to consider whether to approve the terms of the Proposed Pilot Agreement at its meeting scheduled for September 14, 2020 at 12:00 p.m., local time at the offices of the Agency located at 137 Margaret Street, Suite 209 in the City of Plattsburgh, Clinton County, New York (the "Meeting"). This letter is forwarded to you for purposes of complying with Section 874 of the General Municipal Law of the State of New York, which requires a thirty (30) day notice prior to the Agency taking final action with respect to the Proposed Pilot Agreement (if said Proposed Pilot Agreement may deviate from the provisions of the Agency's Uniform Tax Exemption Policy).

The Agency considered the following factors in considering the proposed deviation:

1. **The nature of the Project:** Solar farm.
2. **The present use of the property:** Undeveloped.
3. **The economic condition of the area at the time of the request of the Company and the economic multiplying effect that the Project will have on the area:** The Project is located in the Town of Plattsburgh, where agriculture has historically been the primary industry. Like many areas in the community, the affected parcel is currently not being farmed due to changes in commodity prices and a reluctance of the next generation to assume operation of the family agricultural business. This Project would facilitate productive use of the parcel, advancing the North Country Regional Economic Development Council's Strategic Plan to import dollars by building the

region's green energy economy. Since households who sign up for power produced by the array will receive a 10% discount in energy costs, additional dollars will remain in the regional economy, generating resulting multiplier benefits.

4. The extent to which the Project will create or retain permanent, private sector jobs and the number of jobs to be created or retained and the salary range of such jobs: No permanent, private sector jobs. Anticipated 50-60 construction jobs with an average of \$40,000 per construction job.

5. The estimated value of new tax exemptions to be provided: Sales tax exemption: \$216,908 and mortgage recording tax exemption: \$38,037.

6. The economic impact of the Proposed Pilot Agreement on affected tax jurisdictions: The economic impact of the Proposed Pilot Agreement is positive, since the underlying value of the parcel will likely be largely unaffected and additional revenue will be generated through the Proposed Pilot Agreement. Since the Project is only financially feasible with the Proposed Pilot Agreement in place, the additional benefit of significant special district tax revenue will also accrue to the community's Fire and EMS districts.

7. The impact of the Proposed Pilot Agreement on existing and proposed businesses and economic development projects in the vicinity: It is anticipated that the Project will require the continuing services of local landscape contractors, generating an increase in activity in the local economy.

8. The amount of private sector investment generated or likely to be generated by the Proposed Pilot Agreement: private sector financing: \$3,803,728; Company equity: \$639,794; investors (private sector): \$4,038,332; state programs: NYSERDA: \$640,224.

9. The effect of the Proposed Pilot Agreement on the environment: The Town of Plattsburgh Planning Board is the lead agency with respect to the environmental review.

10. Project Timing: completion anticipated by June, 2020.

11. The extent to which the Proposed Pilot Agreement will require the provision of additional services including, but not limited to, additional educational, transportation, police, emergency medical or fire services: None anticipated.

12. Anticipated tax revenues/Host Community Benefit Agreements: \$20,000 per year, not including full special district taxes. (Note: If the Company negotiates Host Community Benefit Agreements (HCBA) with each of the taxing jurisdictions, the amount due under the Proposed Pilot Agreement will be reduced by the amount of the HCBA annual payments.)

13. The extent to which the Proposed Pilot Agreement will provide a benefit (economic or otherwise) not otherwise available within the municipality in which the Project Facility is located: (a) compatible development in an underdeveloped area of Clinton County; (b) contributes to achievement of the Agency's goal of increasing alternative energy development in Clinton County; (c) contributes to New York State goal of development of 50% power from alternative

sources; (d) proposed Facility would generate the equivalent electrical consumption of 348 homes; and (e) an additional public benefit will be the fees paid to special districts; this represents significant new revenue for these critical public services.

The Agency will consider the Proposed Pilot Agreement (and the proposed deviation from the Agency's Uniform Tax Exemption Policy) at the Meeting. The Agency would welcome any written comments that you might have on this proposed deviation from the Agency's Uniform Tax Exemption Policy. In accordance with Section 874(4)(c) of the General Municipal Law, prior to taking final action at the Meeting, the Agency will review and respond to any written comments received from any affected tax jurisdiction with respect to the proposed deviation. The Agency will also allow any representative of any affected tax jurisdiction present at the Meeting to address the Agency regarding the proposed deviation.

If you have any questions or comments regarding the foregoing, please do not hesitate to contact me at the above telephone number.

Sincerely yours,
